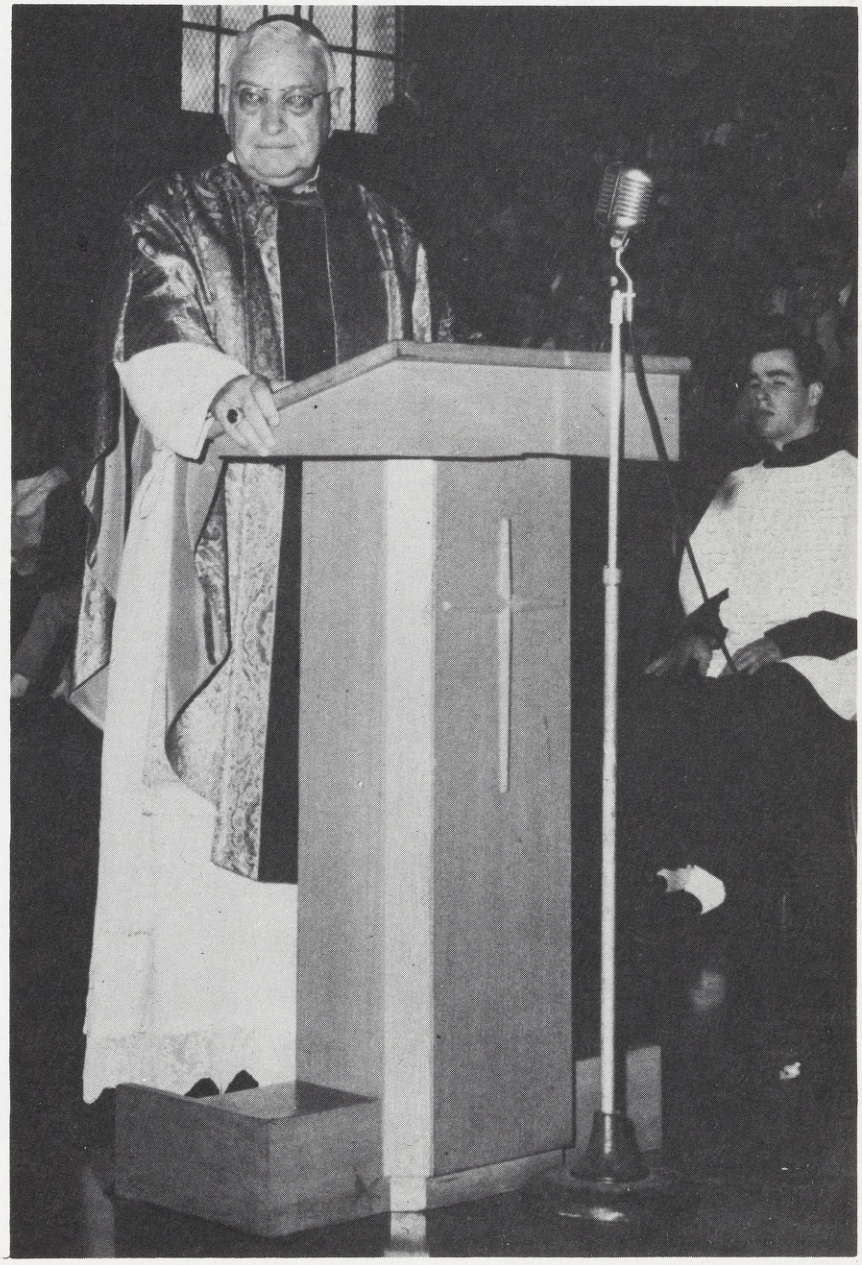
The Seniors of St. Joseph High School dedicate the 1962 Powerdive to His Excellency, the Most Reverened Floyd Begin D.D. After graduation we will join him as fellow alumni of the Marianist schools. We will further join with him in making this,

Dedication. . .



our new diocese, one of the finest in the country. We ask your Excellency to take this as our pledge of loyalty to the faith and devotion to Our Blessed Saviour and His Mother.

Pray The Rosary

April 29, 1962

Dear Graduates of 1962,

Mothers say that they love best the child that has given them the most trouble. Perhaps this saying applies to you, my dear graduates of 1962! That you have had hard times is attested to by the many scars that you so proudly display! That you have matured under the strain is proved by your strong spirit today. I counted the Pilot pennants in the two senior homerooms--there are 24 in all. Next in line come the freshmen with 15, the sophomores with 14, and the juniors with 5. These banners signify dedication and leadership in the various school activities and in everyday citizenship. They also point up seriousness of purpose in your classwork, emphasizing punctuality and good conduct.

If I were to pick out the outstanding characteristics of your class, I would be hard put, because of the great variety of personalities and the multiple talents of the group. There are the stalwart leaders, Scalise, Oakey, McDonald; there are the intellectuals, Kennedy and Mackey; there are the athletes, Lubeck, Peterson, Prevost, Jarrett; there are the artists, Landig and DeGrano; there are the orators, Davis and Guter; there are the Thespians, Fake, Dempsey, Boscovich;there are the students, Angelo, Brass, Cowger, McMahon; there are the gracious receptionists, Caponio and Lee; there are the public-relations experts, McCahan, Revelli, Kline, Nunes. And there are the others of varied types and hues. "Unity in Diversity" might well have been the motto of your class. It is to your everlasting credit, men of'62, that you did join forces and work together in producing the sparkling spectacle of sixty-two.

One of the features of your class is your generosity toward the missions. As I write this note, the school total is $1,122, of which the seniors contributed $345;this is 31%. Numerically the 52 seniors are only 19% of the student body.

The sight of the many seniors at the Holy Table is another jewel in your crown. Although no award is given on the basis of the Holy Communion count, I am sure, you would have merited it just about every time. And, to have 50 out of the 52 attend voluntarily the closed retreat at El Retiro is another gem that glitters atop your brow. That some of you will respond to the call of God to enter religion is still the prayer of your principal, for you possess what many today have need of: a genuine goodness, rare optimism, solid life principles, and a generous measure of the grace of God.

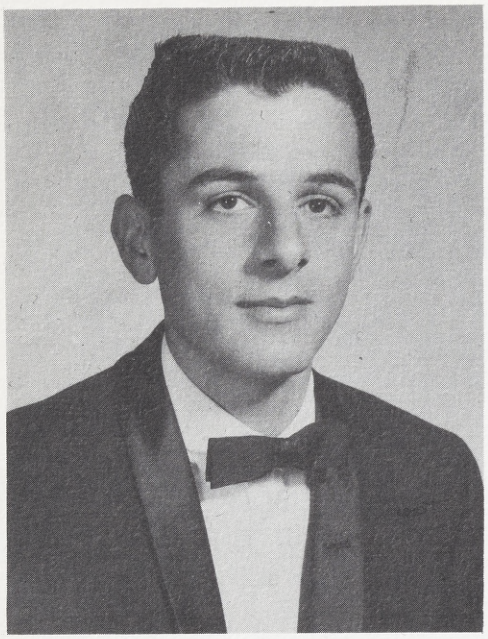
I have praised you, my dear young friends, and you have well merited these encomiums. May I now remind you of your responsibilities to the world you are entering. You have a mission, and that is to give freely what you have so abundantly received. By your example, by your words, by your works, show forth the kingdom of God. You are a city seated upon a mountain; you are a light to the world; you are the salt of your neighborhood. Be that guide, that leader, that inspiration to your fellowmen that you must be if you are to be true to your vocation as a graduate of St. Joseph High School.

Whatever you may become, wherever you may be, in the years ahead, remember that you always have a friend at St. Joe's. Come back to your Alma Mater even if it's only to walk through the corridors and relive the warm memories of your happy high school years. Carry your rosary. Stay close to your Heavenly Mother by frequently raising your heart to her, God bless you and Mary keep you!

Your friend always in JMJ,

Bro. Elmer Dunsky, S.M.

BROTHER ELMER S. DUNSKY, S. M.



Ronald Peter Scalise

STUDENT BODY PRESIDENT

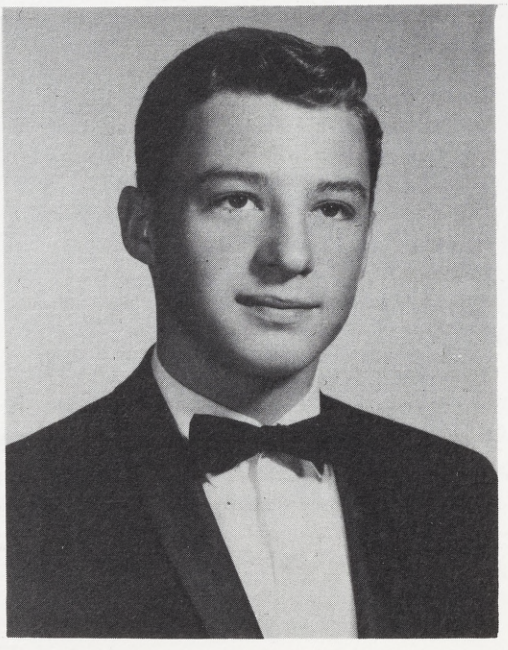
"Scales" was another product of St. Lawrence Grade School. He is one of the most popular "cats" in the school in spite of himself. Thanks to the work of campaign manager George Peterson, Ron was elected to the post of Student Body Pres. He can currently be seen burning up the streets in his '55 Pontiac. Other activities include: Varsity Basketball, Sodality and a member of the "elite" Powerdive Staff. When his high school days are over he plans to attend Armstrong Business College.

WE THE CLASS OF '62...

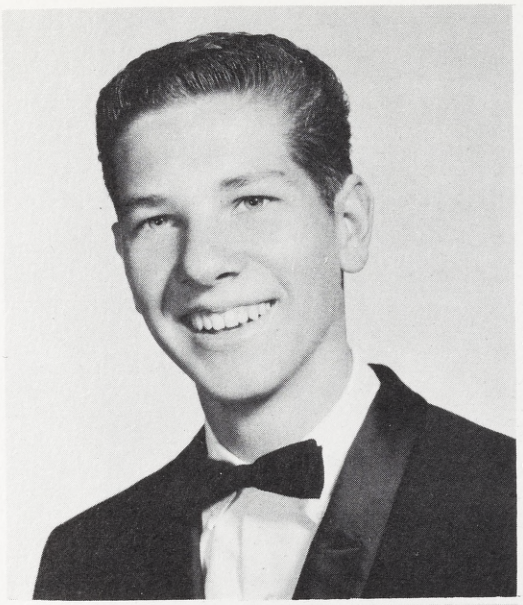
ENCOURAGE YOU WHO FOLLOW...

STUDENT BODY VICE PRESIDENT

Michael York



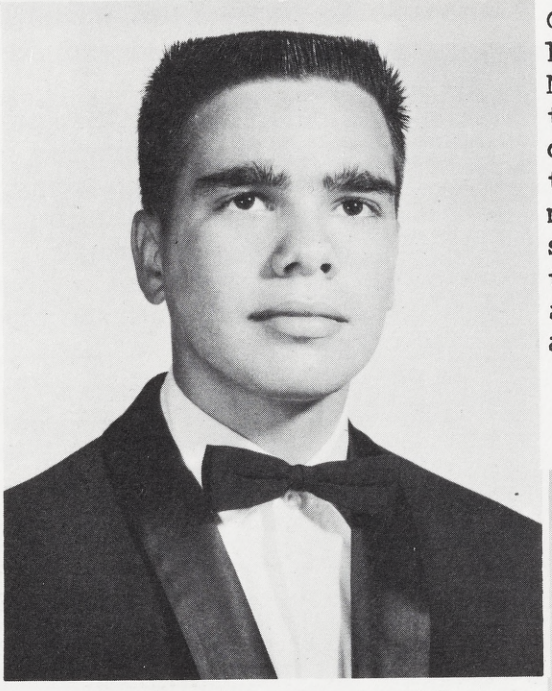
Mike, a product of Our Lady of Lourdes Grammar School, has made quite a name for himself during the past four year's. Mike's early days were spent playing J.V. Baseball, guiding the Sodality, and leading his class. In his junior year he was elected Treasurer of the Student Body. Student Body V.P. was the office he capably filled this year. His many accomplishments include being 1961 Boys' State Representative, a finalist in the State Scholarship Exam, and a member of the Varsity Baseball team. Soft spoken Mike, who has a fine line with the women, is a favorite of all the students. His immediate plans for the future: University of Santa Clara.



William Charles Alvis

Bill, the fair-sized firstbaseman of the baseball team this year came from Longfellow Grammar School. He is a character in class - just ask Bro. Fien. Bill has an exceptional hand for drafting as he got straight "A"'s in Mech. Draw. He had fine spirit as he participated in the Sodality, Block Club, and Intramurals. Bill plans to continue drafting after his high school days are over.

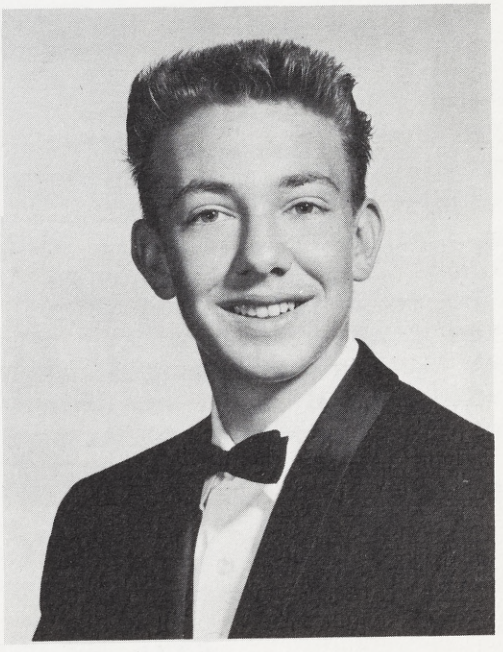
THE YOUNG DAVIDS...



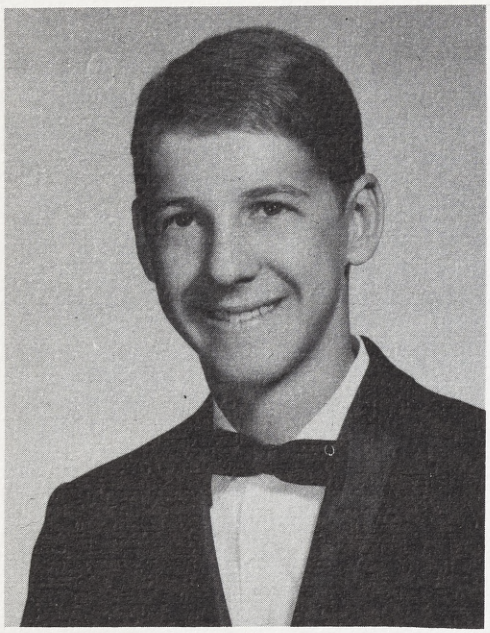
Norman George Angelo

Norman came to St. Joe's from St. Anthony's Grammar School. While he has been in St. Joseph's, Norm has participated in the Variety shows, the Sodality, the Latin Club and the Biology Club. He also made the honor roll in his senior year. Norman plans to go to St. Mary's College and enroll in the liberal arts program.

Thomas M. Bailey

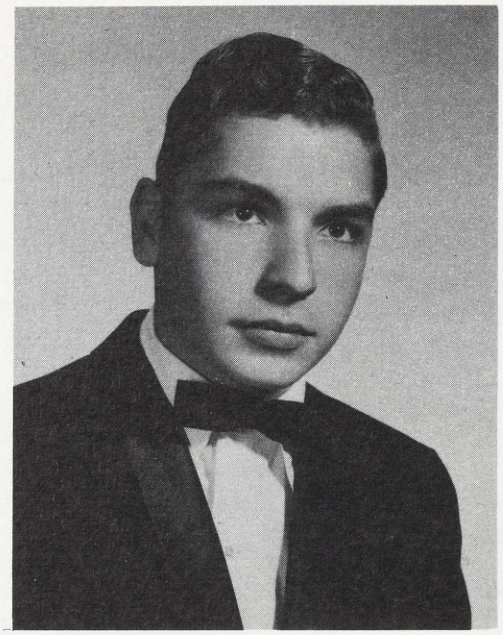


Thomas, upon arriving, wasted little time in making friends with "dry" humor. He was in the top ten of the senior division scholastically, (whether the fact that he laughes at the teachers' jokes has something to do with this - I don't know). He is an able assitant to Brother Chang in the bookstore. Tom is planning to attend St. Mary's College.



Monte William Boscovich

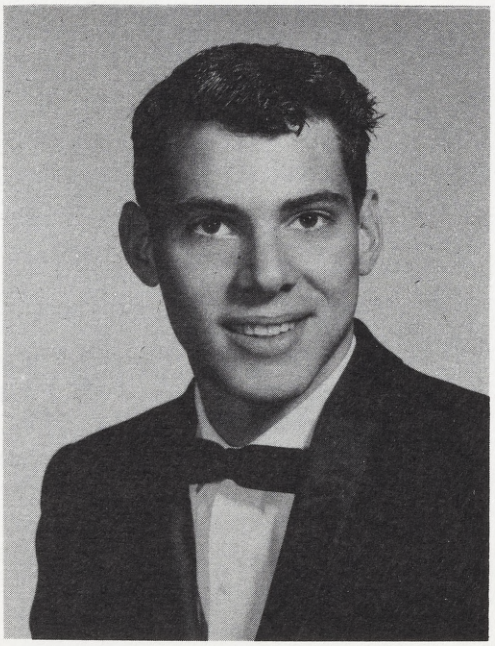
Monte graduated from St. Anthony's Grammar School. During his freshman year he was class treasurer and participated in the school variety show. In nis junior year he had a leading role as an "oakie" in the school play. Monte plans to attend college.



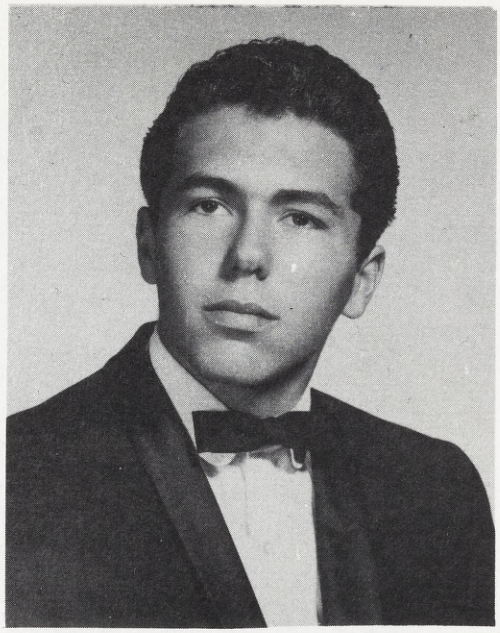
James David Brass

Jim came to St. Joseph's as a freshman. He participated in the Variety Show as a sophomore and a junior. Jim played intramural basketball as a sophomore. Jim made the honor roll as a freshman and sophomore and was in the C.S.F. as a sophomore. As a junior he was a member of the S.J. Pep Club. Jim was also a member of the Federation as a freshman, sophomore and junior.

Paul made the long haul from St. Cyril's Grade School. He was the leader of St. Joe's High School "Red Hots", playing the piano in their rendition of Peter Gunn. In his four year's here he has been a part of every Variety Show, and, after his brother's graduation last year, is the electrical genius of the school.

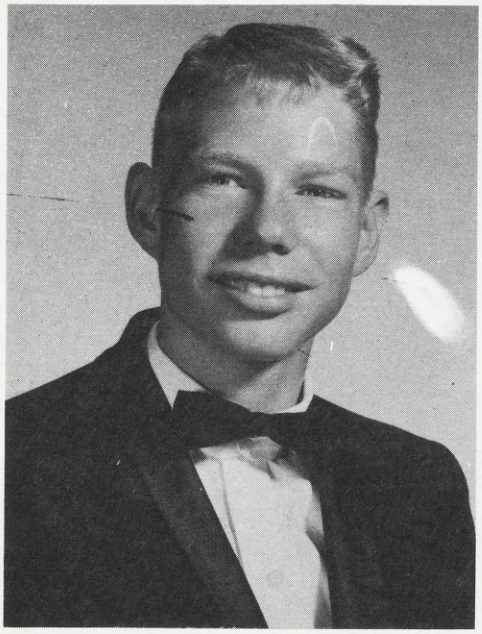


Paul Joseph Canevaro



Peter Glenn Caponio

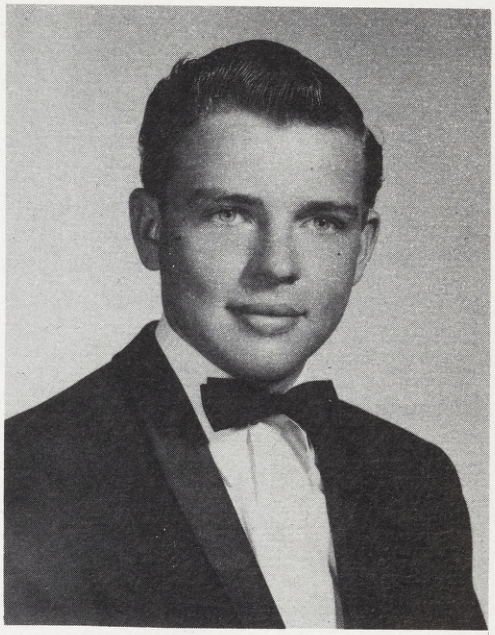
This is Pete's 12th year at St.Joe's-8 years grade and 4 years high school. He was very active in the Speech Club-meriting the degree of honor. What's happening? He has a 53 merc. (with accesories and girls) and is currently employed as a butcher in Oakland. When "beach time" is over in the fall he will probably,with his line,marry a rich girl.



Patrick Charles Clark

TAKE UP THE SLING OF VIRTUE...

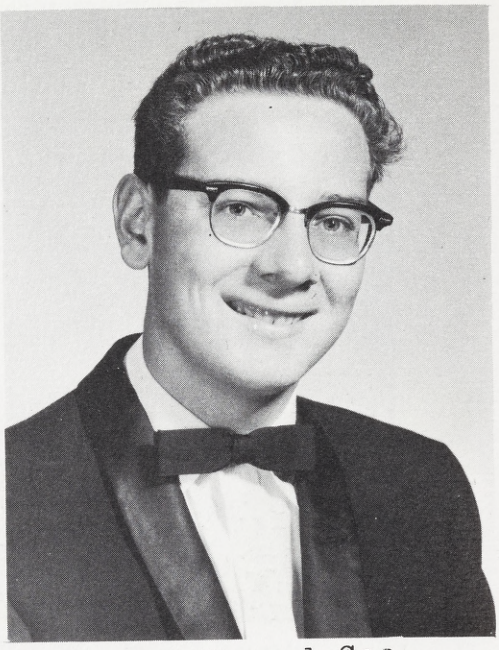
Pat Clark will long be remembered for his fine and active class spirit. When he was a Junior he was elected treasurer. Aside from these responsibilities, Patrick gave an admirable performance in the Variety Shows and Plays of his Sophomore and Junior years.



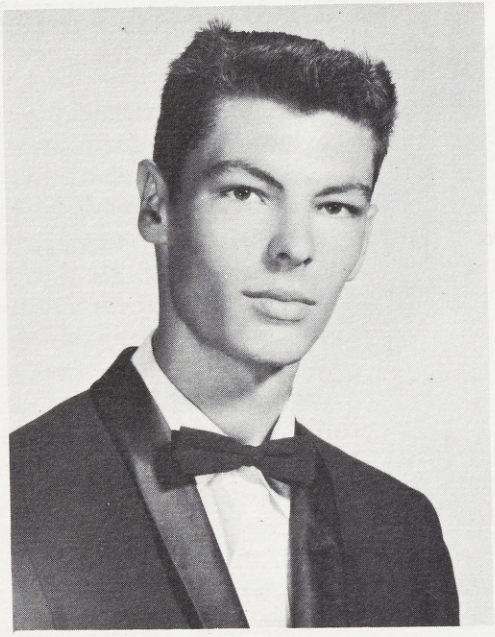
James Francis Chladek

Jim came here as a gift of Porter Grammar School.Jimmy, although basically a quiet guy,made many friends at St.Joe's due mainly to his easy doing attitude. Known to his close friends as "Butch" he was active on the library staff and was also a mass-server for his 4 year tenure at St. Joe's. After graduation he plans to earn the fast buck at Millers Drugstore.

Bruce came to us full of ambition, fresh out of St. Anthony's Grammar School. He enjoyed going here or else he wouldn't have come from Pleasant Hill. Coming from such a distance he was not able to be a part of many activities. He was a top reserve man in intramurals. Because of his extradinary hair-comb he took quite a kidding from the guys. He is undecided about his post-high school days.



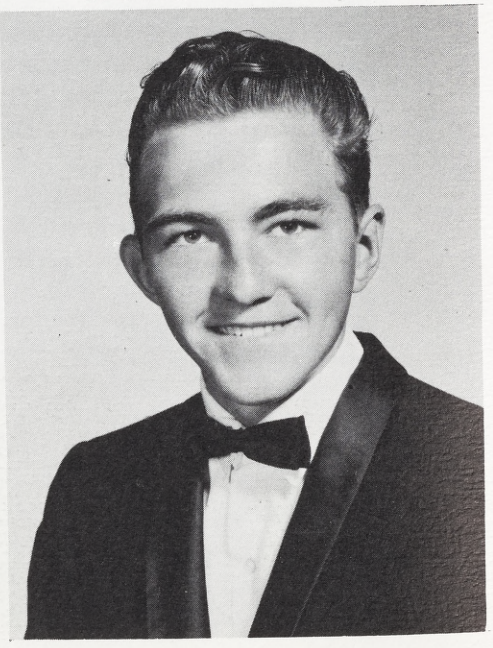
Bruce Edward Coe



Peter William Connolly

Pete entered St.Joe's from St. Anthony's in '58. Most of that year he was devoted to keeping out of range of Mr.Madsen's paddle. As a sophomore he entered the field of drama as a 16th.-centuary servent in "The Doctor in Spite of Himself". His senior year finds him the top Spanish student in his class and still doing crossword puzzles in study period.

Gordon A. Cowger



GO TO THE STREAM OF TRUTH...

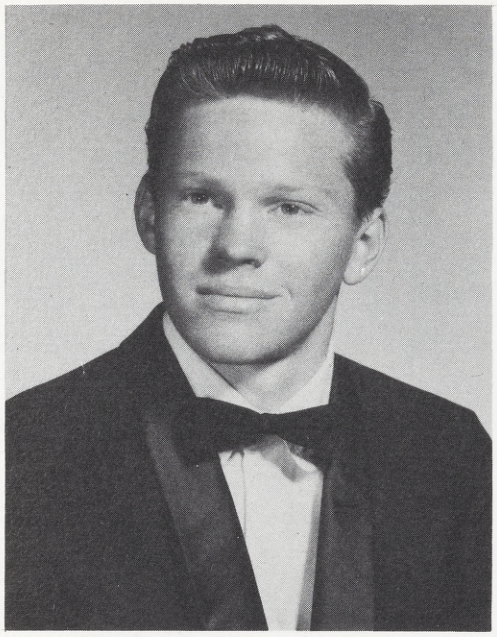
"Gordy" came to St. Joseph's as a junior from San Diego. He plans to attend San Francisco State and major in civil engineering. His chief activities are intramural basketball and volleyball. He spends his free time trying to keep the bowling ball in his own lane.

ARM

YOURSELVES

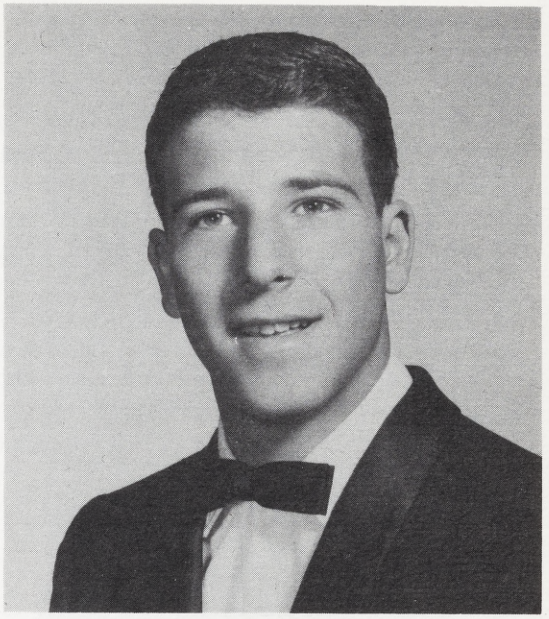
FOR

LIFE...



Roger Paul Davis

"Red" as Roger is usually known, (probably because he has a red mop on his head) came to us in '59 and fitted right into our plans. Rog's main interest was Speech Club as he gained the Degree of Excellence in the National Forensic League. He's only the 8th. person to accomplish this at St. Joseph's. After graduation Rog plans to attend college.

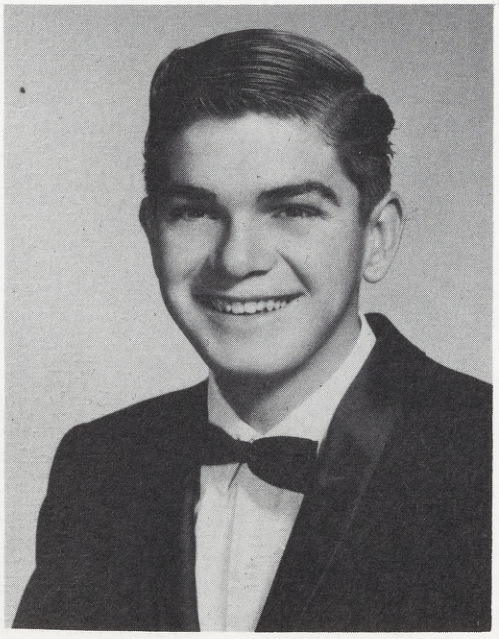


Thomas James DeGrano

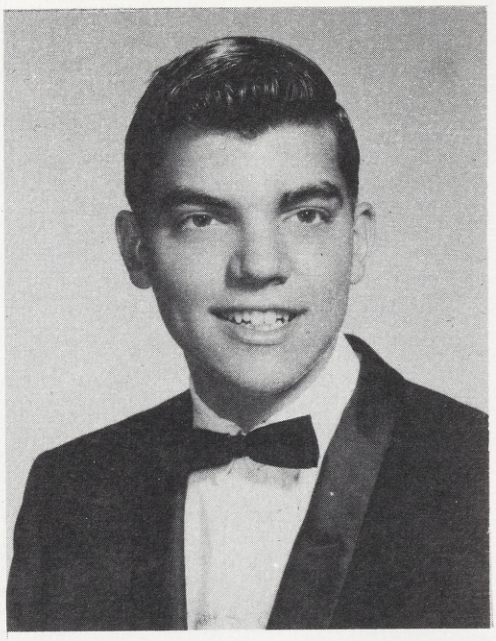
Upon graduating from St. Joseph's Grammar School, Tom entered the great Ivy halls of St. Joseph's High School.

For three years he had been called "Dago" as a nickname, but upon getting his hair cut into a short Roman style, in his senior year, it was changed to "Caesar"

John Joseph Dempsey



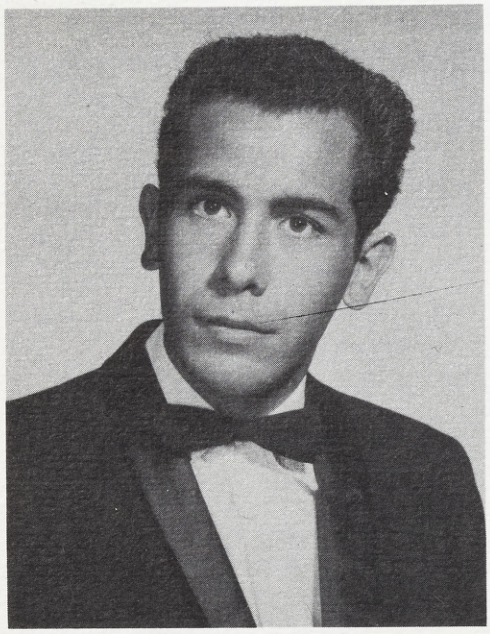
John came to St. Joe's in 1958, with hopes for great academic achievements. Seeing this impossible he entered upon the school's activity program, namely, the Science Club and the Newspaper. In his junior year, John strove for dramatic heights by participating in the musical and the spring play. Incidently, he achieved these heights, as he was chosen best supporting actor of the year. In his senior year, John was elected secretary of his class and captain of the Intramural team. His memories of St. Joe's include that of the Prom and Senior Ball.



James Patrick Fake

Jim is St. Joseph High's answer to William Randolph Hearst and Douglas Fairbanks--ha,ha. Seriously,he has been the Contact Editor-in-Chief for the past two years and has received St.Joe's Best Actor Award for 1960-61. Jim, an honor student, is a member of the Speech Club and has received the Degree of Distinction. As you can see he has been very active and his Valiant will be remembered for a long time..

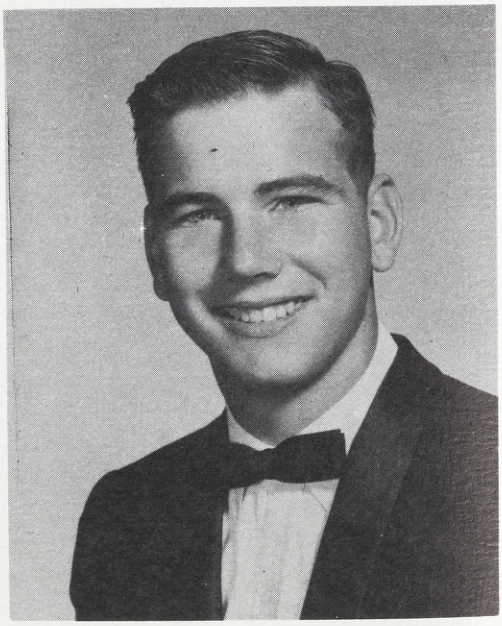
WITH THE PEBBLES



Charles Francis Fasso Jr.

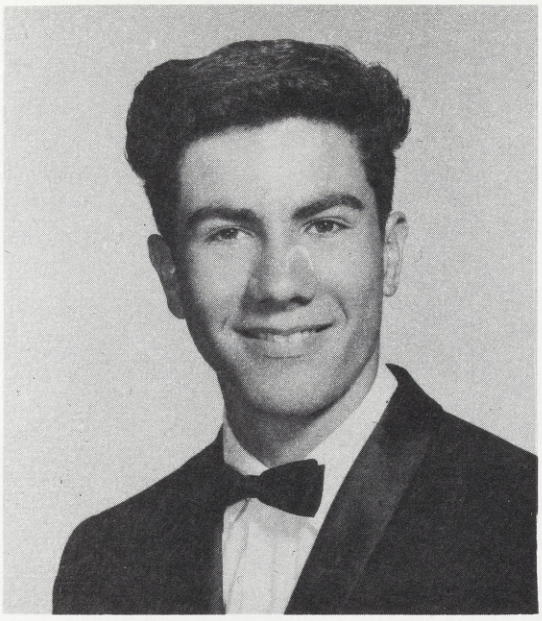
Charlie brought his good-natured attitude from St. Joseph Grammar School to St. Joseph High School. He has held some kind of leadership office since his Freshman Year. As Head-Cheerleader during his Junior and Senior Years, he lifted the Spirit of the Pilots to an all-time high. His popularity as a leader also reigned with indirect school activities as he is Pres. of a small brotherhood organization known as the "Cooriers" or the "Library Club."

OF TRUTH...

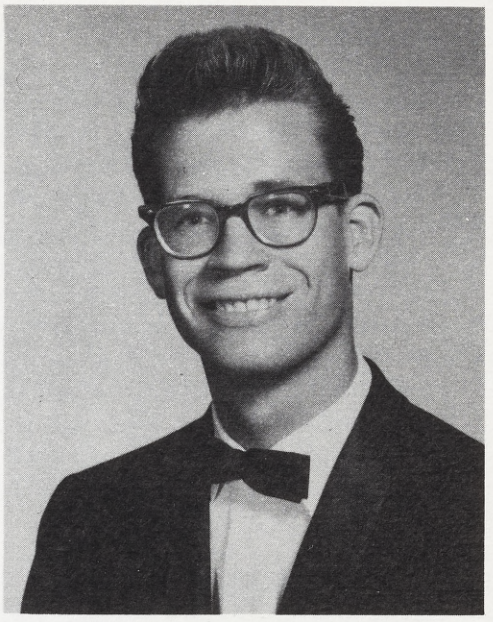


Arthur S. Guter

Known as "animal" around the school (he earned the name by the way he plays football), Steve came to us after an eight-year stay at St. Columba's. The Speech Club was his real love - he was in it for four years. He was one of the many degree men on the squad. Oakland City College is Steve's next stop.

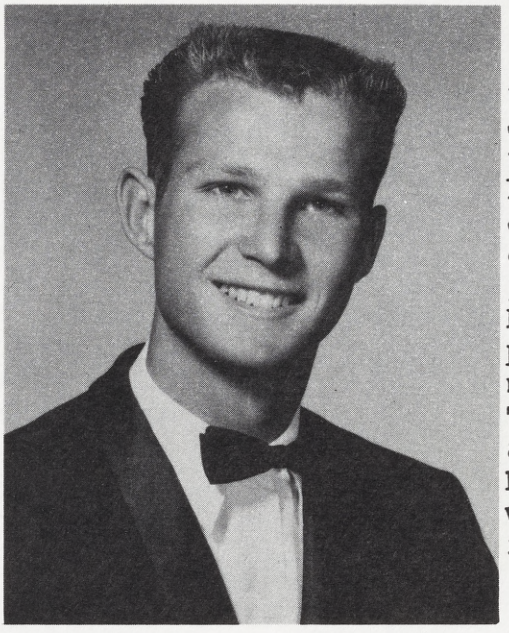


THE STONES OF KNOWLEDGE...



Leonard Hagen

"Lenny" was a product of St. Lawrance Grammar School. If you're ever down Fremont way this summer drop by and see him at the drags-he lives there. If it was up to him St. Joe's would have a racing team (cars, motorcycles,etc.) In September he plans to attend Laney Trade School in hopes of becoming a first-rate mechanic. Of what? Cars of course.



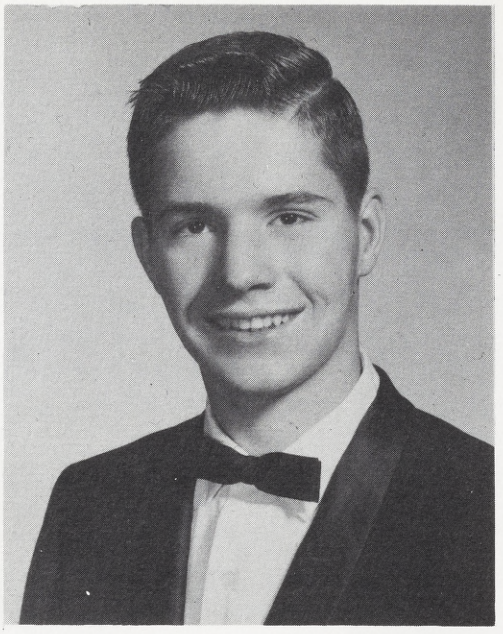
Dennis Hunkler

Dennis came to us from St. Jarlath's and entered the great halls of St. Joe's in '58. Because he had a job after school Dennis could not participate in many activities. Through his academic endeavors Dennis merited his way into St. Mary's in the fall.

Robert George Jarrett

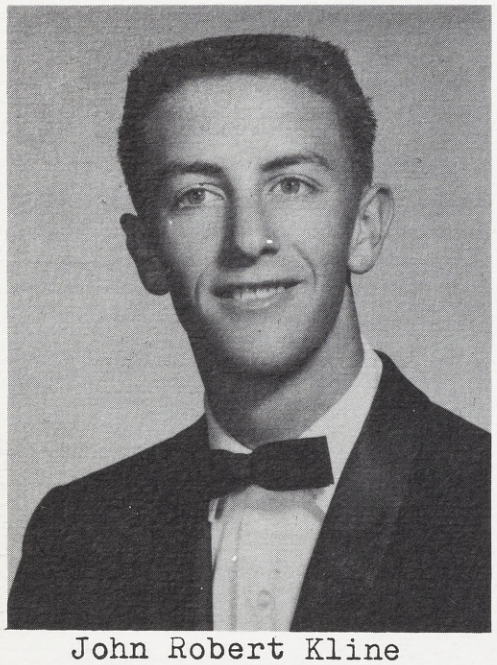
"Merc" was one of the many nicknames he was known by. In Bob's Frosh year he started out like a streak of lightning by taking over the centerfield position in baseball and holding it for four years. Besides this he lettered two years J.V. and one year of Varsity Basketball. And to show that he wasn't slowing down in his senior year he ran cross-country and competed in the CAL meet. His spiritual accomplishment was highlighted by three years membership in Sodality. In his Soph year he was treasurer of his class, a participant in the Variety Show and President of the Block Club prior to three years'membership. After graduation Bob plans to be a close friend of Uncle Sam.

Steve came to us in '58 and in his four years proved that he was the top student in his class. He made the honor role all four years and C.S.F. for the last three. Steve also had a knack for talking, as he was in the speech club and the drama club. After graduation Steve plans to enter the college of his choice on a four years scholarship.



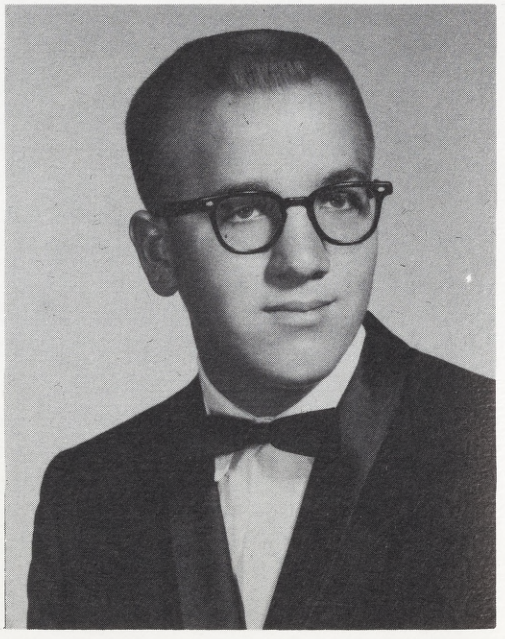
Stephen James Kennedy

THE ROCK OF FAITH...



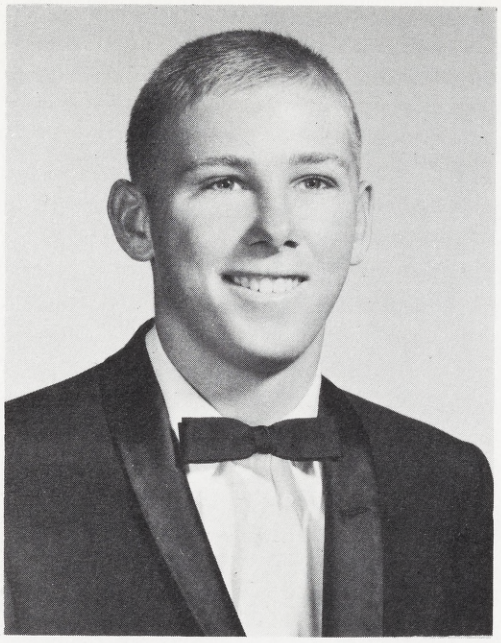
John Robert Kline

John is a real cool cat from the outer vicinity of San Leandro. Because of his gigantic size we call him "Spankey". Out-side of having the fastest car (except for a '55 Pontiac) he played J.V. Basketball in his junior year and a score-keeper in his senior, plus being an honorary member of the Block Club. He was also the secretary of the Corriers.



Bob Kreitz is the man on the left who, having graduated from Longfellow G. S. made the short bus trip each morning to S.J. "Rapid" Robert was noted for his conspicuously clean appearance. In his senior year he received his first pink slip. As a member of the Pep Club he could be heard all over the gym. In the fall he plans to get some sun time at Moraga.

Robert Wesley Kreitz

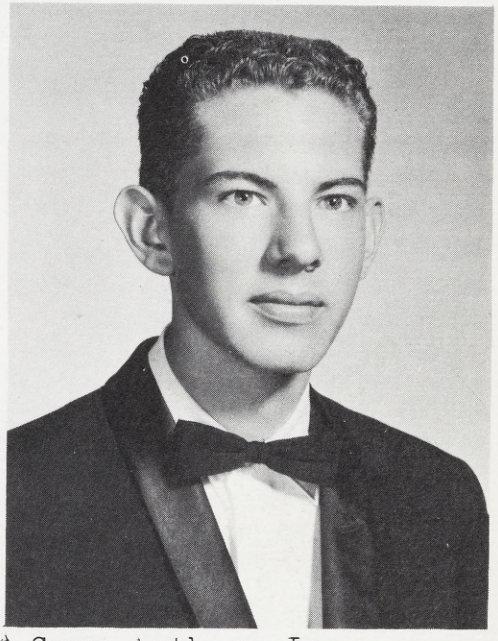


Michael James Landig

Michael "The second tinker of Bordeaux" Landig, came to St. Joe's on a scholarship from St. Joseph Grammar School. The Michaelangelo of S.J.H.S., Mike has done all the art work worth mentioning, including the Yearbook for two years, cartoonist for Contact and other forms of artistic publicity. For his endeavors Mike was given the Bank of America award for art. Along with his talent, Mike also finds time for skiing. The inspiration of 202 will attend San Francisco State College where he will continue his work in art.

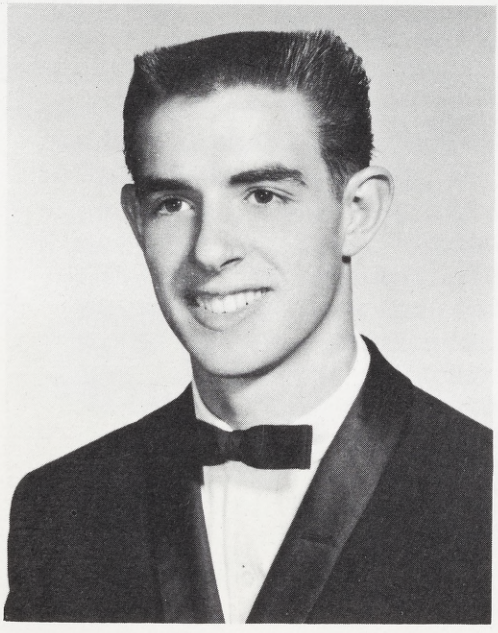
WITH THESE DO BATTLE...

St. Lawrence O'Toole was Gary's choice before making the best one - St. Joe's. Although sometimes he finds the old eyelids a bit too heavy in class, when fully recovered from "the morning after the night before" he has the energy of ten men. Gary played a major role in this year's Powerdive--keeping the receipts in order.



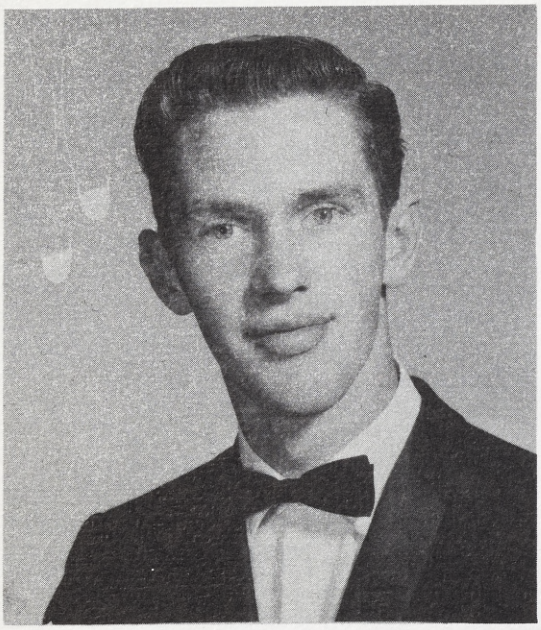
Gary Anthony Lee

FIGHT THE GOOD FIGHT...



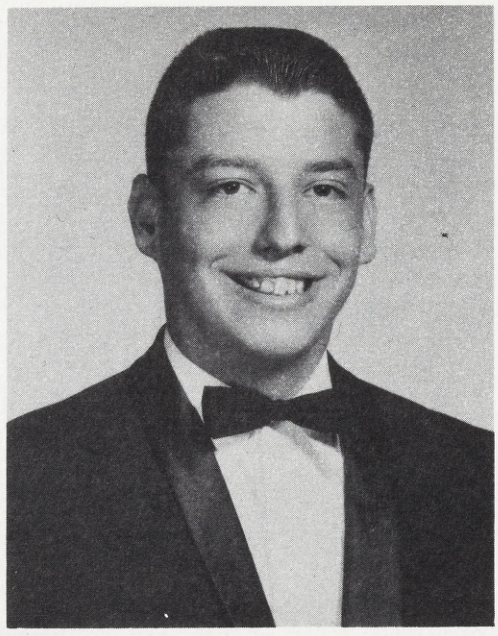
Jack Lubeck, alias the "Swede", a Bob Cousey and Willie McCovey rolled into one, came to us from St. Joe's Grade School. Jack was a major spark in athletics, playing three years of Varsity Basketball and four years of Varsity Baseball. In Frosh and Soph years he was elected president of his class. As a senior he was elected Prefect General of the Sodality. After graduation he plans to attend one of the neighboring colleges.

John William Lubeck

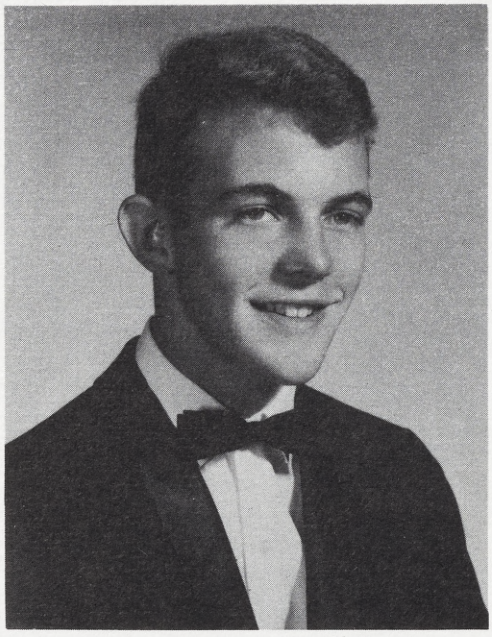


William Mackey

SLAY THE GOLIATH OF IGNORANCE...



Bill came to us from St.Joseph Grammar School and is notable for living close enough to school to get up 15 min., before the bell. He has been managing Editor of Contact,handled school publicity, and is always working on something that should have been finished earlier.Bill is interested in cars,girls,etc., and plans on going to Cal.or Santa Clara.



John Rowan McCahan

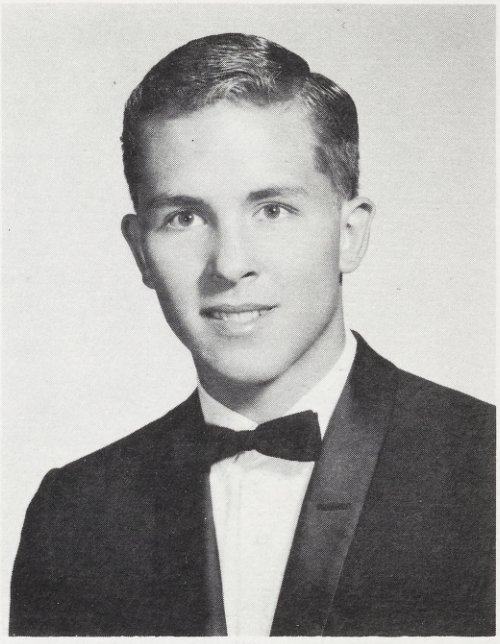
John, fresh out of Longfellow Grade School, mixed right in being chosen for the Sodality. As time passed on his grades got higher and now he is a regular member of the Honor Society. He organized rooter buses, participated in speech and drama. "Johnny" had the honor of being elected mayor of Alameda during Youth City Week. He plans to attend USF.

Thomas Frank Mason

The "Hawaiian", as Tom is sometimes called, came to us from the "Paradise of the Pacific", the Hawaiian Islands. Terrible Tom arrived in 1960 with open arms and willing to make friends. In his two years at St. Joe's Tom hit the books hard and is planning to go to college. Looking back on his activities you find that he participated in Sodality, Choir, Variety Show, and was a CSF member.

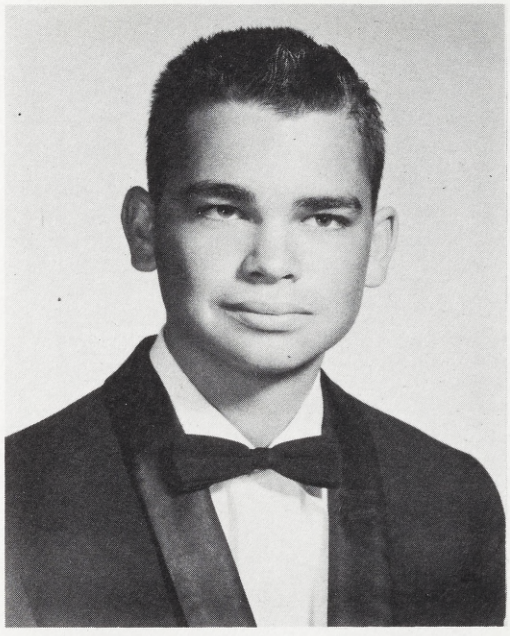
LAY LOW THE GOLIATH OF FALSEHOOD...

Ed came to St.Joe's in the fall of '58 and set the world afire by joining the Speech Club and becoming Club President. He retained the Presidency for three years. He wrote articles for the School Newspaper and then became business manager for two years. He was Head of the Planning Committee for the Junior Prom and the Senior Ball. After graduation,Ed plans to work for the summer and than attend St. Mary's College where he hopes to major in Pre-Law.



Edward Arnold McDonald

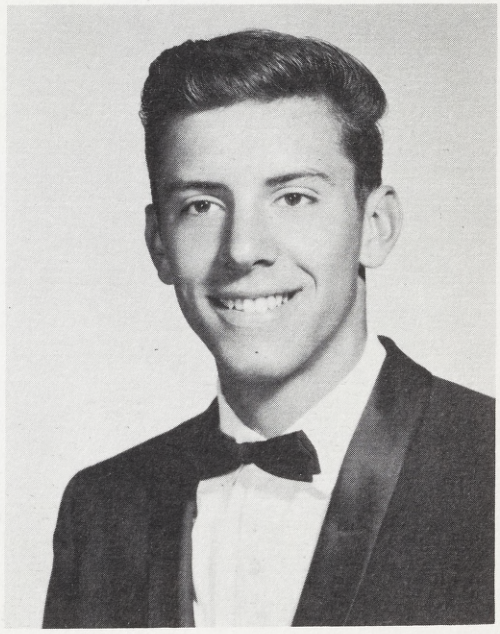
VANQUISH THE GOLIATH OF FEAR...



Michael Swift McMahon

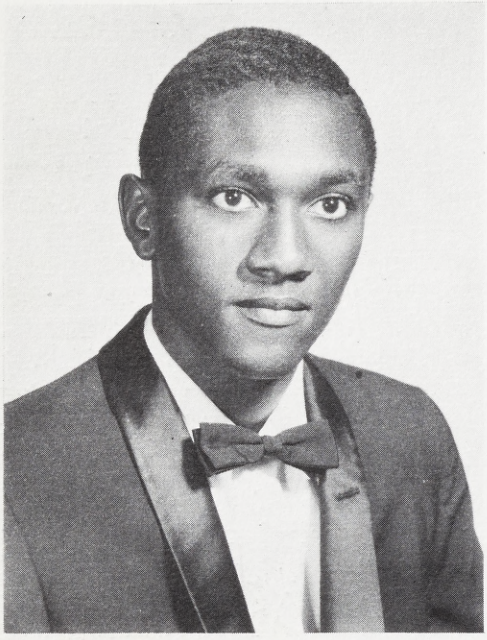
He served as class president in his Junior Year and class vice pres. in his Sopn. and Junior Year. He served as Pres. of CSF since his Soph. Year and has earned Life Membership in it. He has also spent three years in the Sodality and two years as the Head of the School's Publicity.

BESTRIDE THE FALLEN GIANT OF OPPRESSION...



Matt Meyer came to St. Joseph's in the fall of '58 from St. John's. He started out his freshman year by joining the Speech Club. During his four-year stay at S. J. he has been active in the intramural program, a member of the track team and could usually be seen in the Variety Shows. After graduation "the great white hunter" plans to take up the study of forestry.

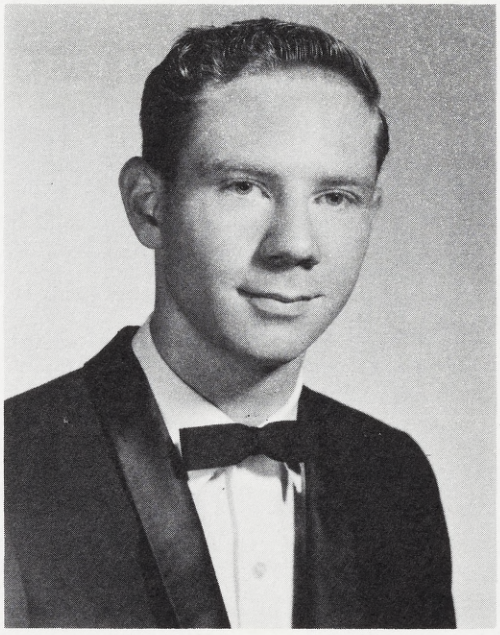
Matthew Joseph Meyer



Arthur Augostus Mitchell

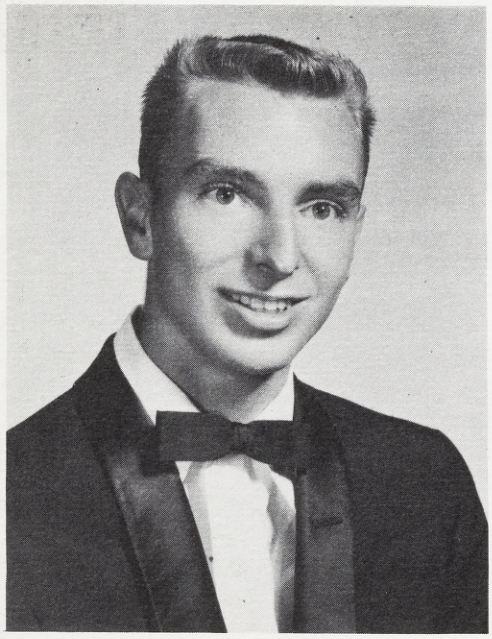
Zeus is his latest nickname but he also goes by "Zeke", "Doc", "Turo", or Art, (take your pick). He came from the west end of Alameda and John Muir Grammar School was his stomping grounds. Mitch attended Encinal High before Divine Providence led him to St. Joe's. His reputation was earned in intramural basketball and in the title "Doc of Girlology". After his hitch at S. J. he plans to do another in the navy.

After graduating from grammar school "Mitch" came to St. Joe's in the fall of '58. In his first two years he participated in the Variety Show and Pep Club in addition to writing for the sophomore class paper. As a junior he continued to manifest that S.J. spirit by attending all the basketball games. William has a "clean" '52 Olds with plenty of guts. U.S.F. is the school bill selected for the fall.



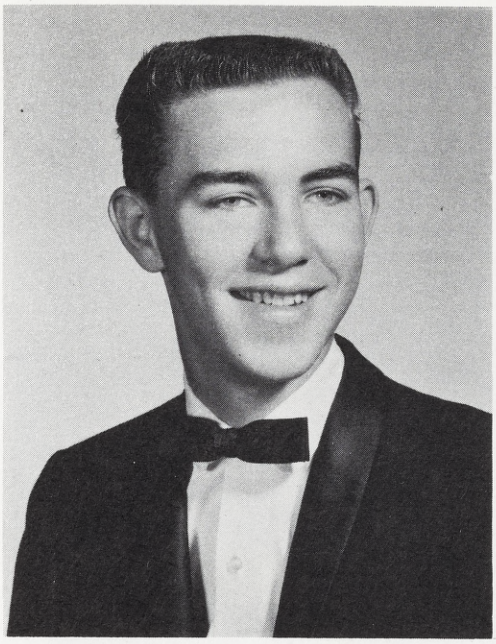
William Russell Mitchell

ARM YOURSELVES WELL...



Mike comes from 'way out in Hayward. He drives a hot Merc. which is almost a taxi-cab to the basketball team. In his activities he was a manager of the basketball team, photographer for the yearbook, class treasurer this year, and he even made the honor roll once. Mike was easy to get along with and has quite a sense of humor. He plans to attend St. Mary's college in the fall.

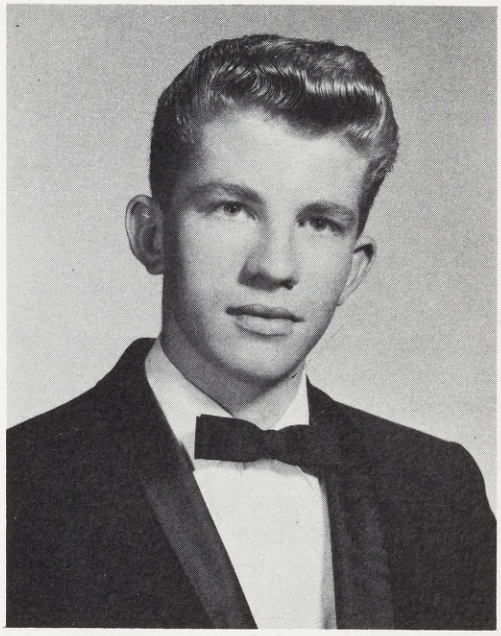
Michael Anthony Nunes



Michael James Oakey

THEN YOU CAN WILLINGLY...

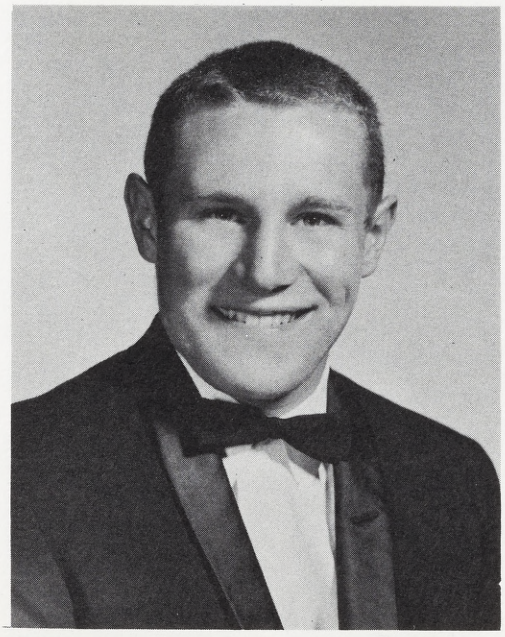
Mike, a real likable guy, came as a freshman and has been here ever since. Michael, quite a golfer (when allowed to take advantage of his 25-stroke handicap) could be seen at every dance and basketball game. He is a natural-born leader (he has held some office since his freshman year). Since Mike is a two-dab man he is irresistable to the fairer sex. After graduating Mike plans to attend Oakland City College.



George Joseph Patterson III

"Georgie" is the only senior who escaped the potent paddle of Mr. Madsen and Mr. Donovan's size 13 gunboats. In addition to this feat he found time to spark intramurals, variety shows, and the usual dances. George, upon graduation, will go to one of the local colleges.

George William Petersen

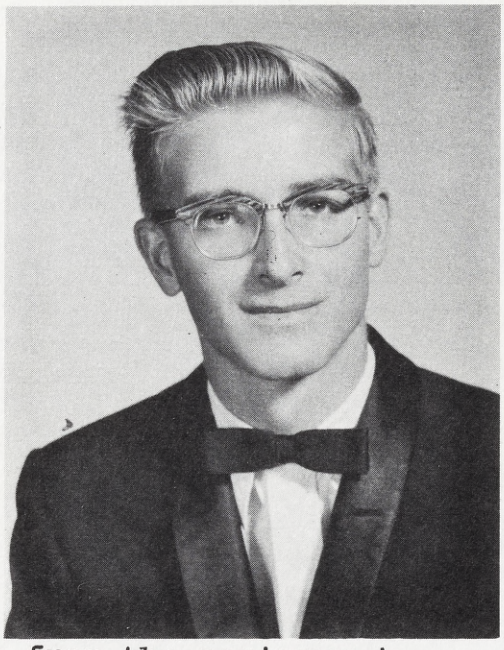


You want a date with a tough Girl? Just call on George,he's been out with most of them. "The Pede" as he is so often called,attended grammar school

across the street. A few of his many activities include Varsity Baseball, Varsity Basketball, Speech Club, Sodality, Variety Show, Editor-in-Chief of this years' **Powerdive**. He is

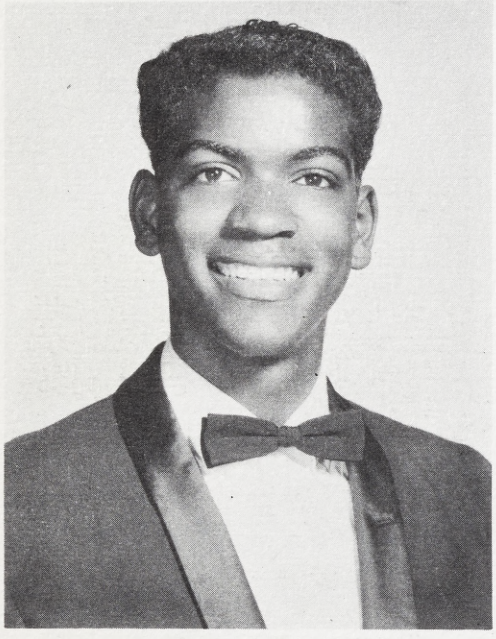
treasurer of the "Cooriers". Upon receiving his sheepskin, George plans to make either St. Mary's or Santa Clara his home for the next four years.

Stephen W. Phelps



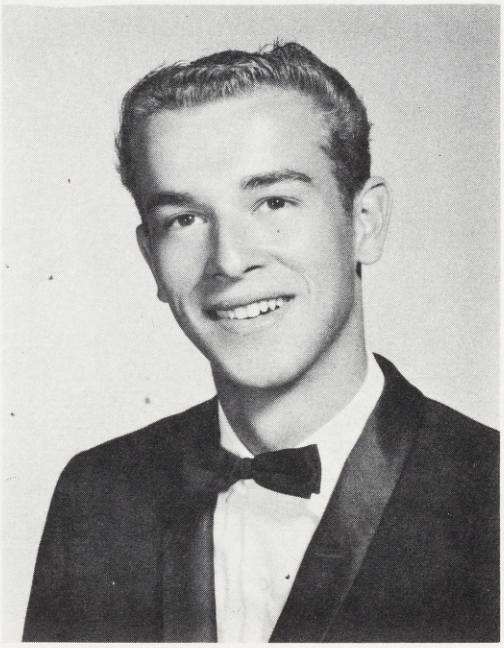
Steve, a brainy sort of a guy, came to St. Joe's from the Seminary after having graduated from St. Jarlath's Grammar School. He is a fine reader as shown by his weekly performance at Friday Mass. He is an active member of both Sodality and Intramurals. His very high grades have put him in the C.S.F. He plans on going back to the Seminary to become a fine priest.

SUFFER WOE WHICH HOPE THINKS INFINITE...



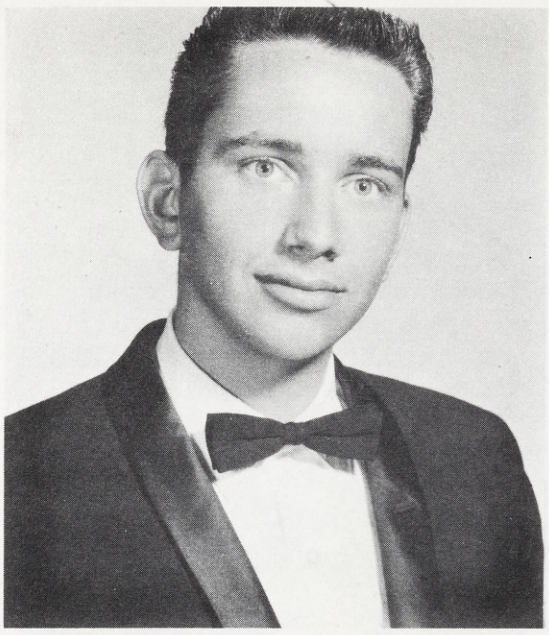
Theophilus Joseph Prevost

Joe came from the seminary in December of '58. He mixed in quick picking up many friends. In his Soph year "Big Joe" was elected Student Body Treasurer while being quite a sparkplug on J.V. Basketball. In his Junior year he moved up to the Varsity. He found his senior year good to him, he really hustled as he lead the team in rebounding. He took part in our musical with his fine rhythm and good voice. He plans to go to college and become a basketball star.



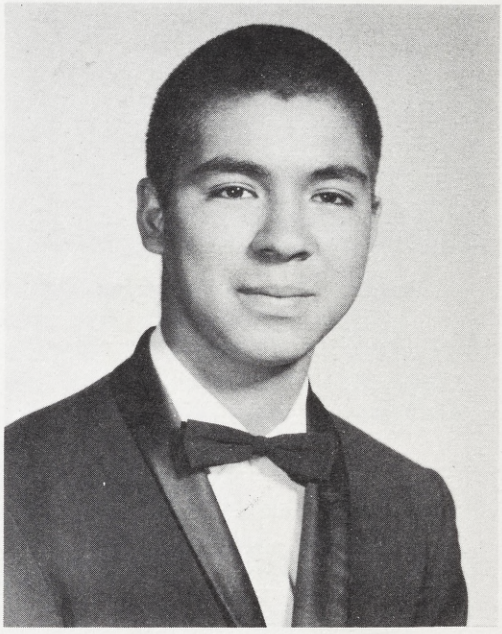
Frank came to us from St. Louis Bertrand Grammar School. He doesn't have any cool names like "Torc", but he's got the raciest looking '55 Chevy around these parts. Frank was well-liked for he always came up with the big joke of the day. After graduation he plans to attend Chabot J.C.

BEAR WRONGS DARKER THAN DEATH OR NIGHT, Frank Robert Ramos



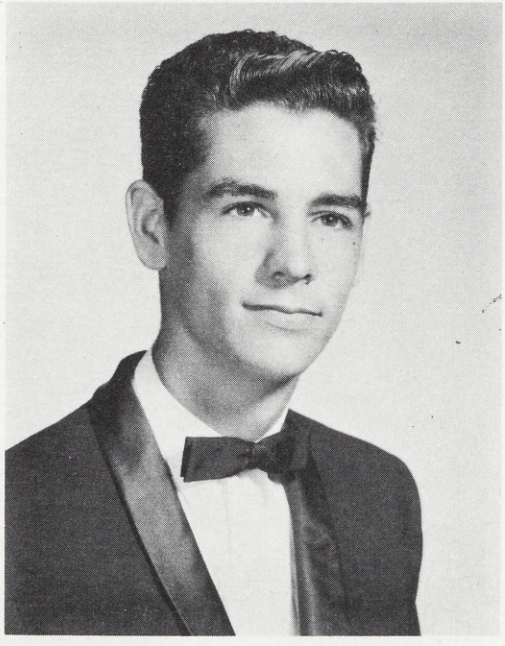
Alfred Mario Revelli

After graduating from St. Lawrence Grammar School "Zit" came to us as a natural right-fielder. He played Varsity Baseball for two years and Junior Varsity for two years. He has been a member of the Block Club for the last two years. Al was this years Powerdive Business Manager.



"Alfredo", as he is commonly called, played J.V. Baseball and Track in addition to serving on the Junior Prom Committee. He spends most of his time devotedly promoting the name of our school at the Island Bowl. Al will attend Chabot next year.

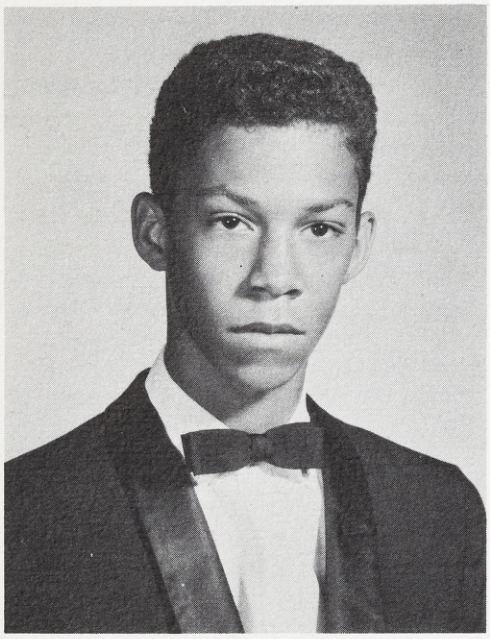
DEFY POWER WHICH SEEMS



OMNIPOTENT... Alfred Robert Sanchez

John is called, "The Casanova of St. Joe's", and he knows not why. John has a royal blue Chevy, but the color is not attributed to any patriotic spirit. He has had many interests, none the least of which is "girls". John swims well and plays tennis. He was a member of our perfect basketball team and was recently a member of the cast of H.M.S. Pinafore. After graduation John plans to attend St. Mary's College

John Joseph Santilena



Morris Joseph Soublet II

Morris, who always has a good word for everyone, came to us after graduation from St. Columba's. "Soup-bone", as he is commonly called, was well-liked by everyone, even the faculty. He captained the 4B Bombers to the intramural volleyball championship. After leaving S. J. he plans to work his way through college.

NEVER TO FALTER,

NOR CHANGE,

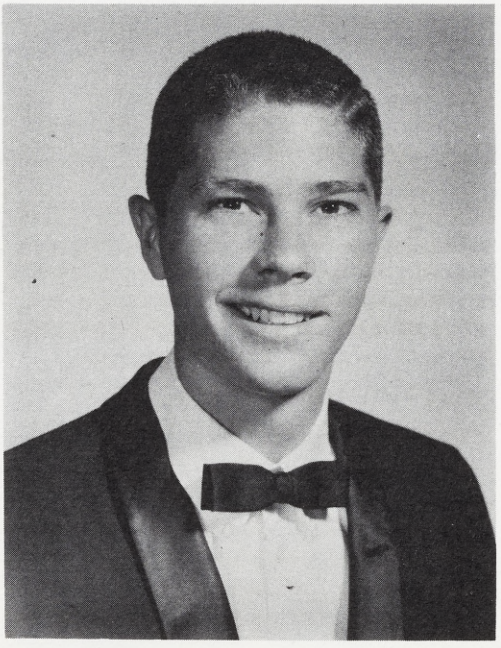
NOR RELENT,

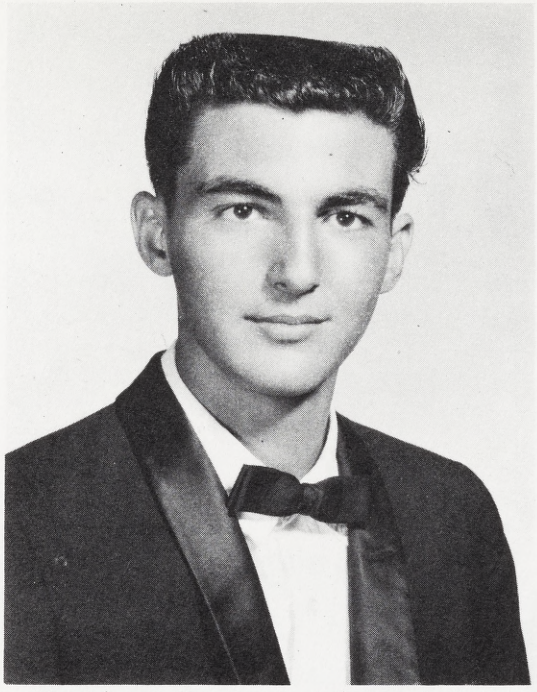
THIS, YOUNG DAVID, IS TO BE GOOD! GREAT!

GLORIOUS! AND FREE!

Neil graduated from Longfellow School and lives in St. Barnabas Parish. While at St. Joe's he played a little J.V. Basketball and J.V. Baseball, and participated in all the Variety Shows. Outside of school Neil is an avid sports car racing enthusiast and likes to ski whenever the chance is available. He was a class officer in his first three years and plans to attend San Jose State. Neil is the last of the famous Verhees dynasty to attend St. Joe's.

Neil Edward Verhees





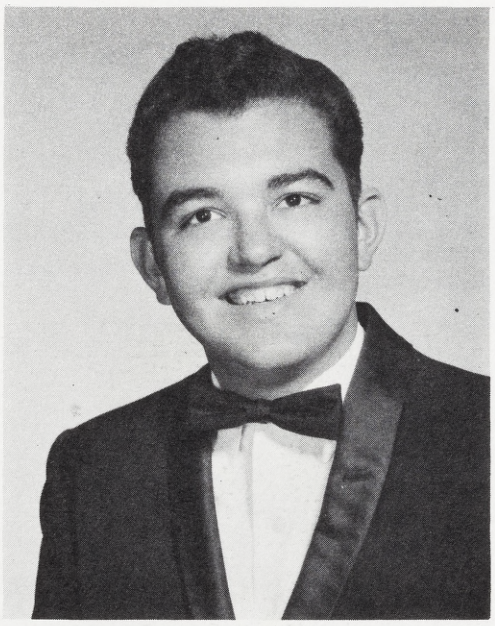
Lester Ernest Vierra Jr.

Les came to us from St. Anthony's Grammar School and made the usual four year stopover here. He had a lot of "good timing" on our sophomore picnic but also a lot of bad times - namely the days after the picnic. Les wrote for the Contact and was class secretary in his senior year. Chabot is his choice after he receives his diploma.

THIS IS ALONE:

Larry graduated from Our Lady of Lourdes Grammar School and resides in St. Felicitas Parish. During his four-year stay at St. Joe's he played one year of J.V. Baseball, two year's of Varsity Baseball, and ran cross country in his senior year. He was a member of the Block Club and was elected secretary. He plans to liven up an already "swinging" San Jose State after graduation.

Rudolph Lewis Whitehead



LIFE!

JOY!

EMPIRE!

AND

VICTORY!

Rudy came to us from . . . from, well I don't know where in the heck he came from - he's been everywhere. However upon arriving here he soon became baptized with that splendid S.J. spirit.

His Holiness Pope John XXIII

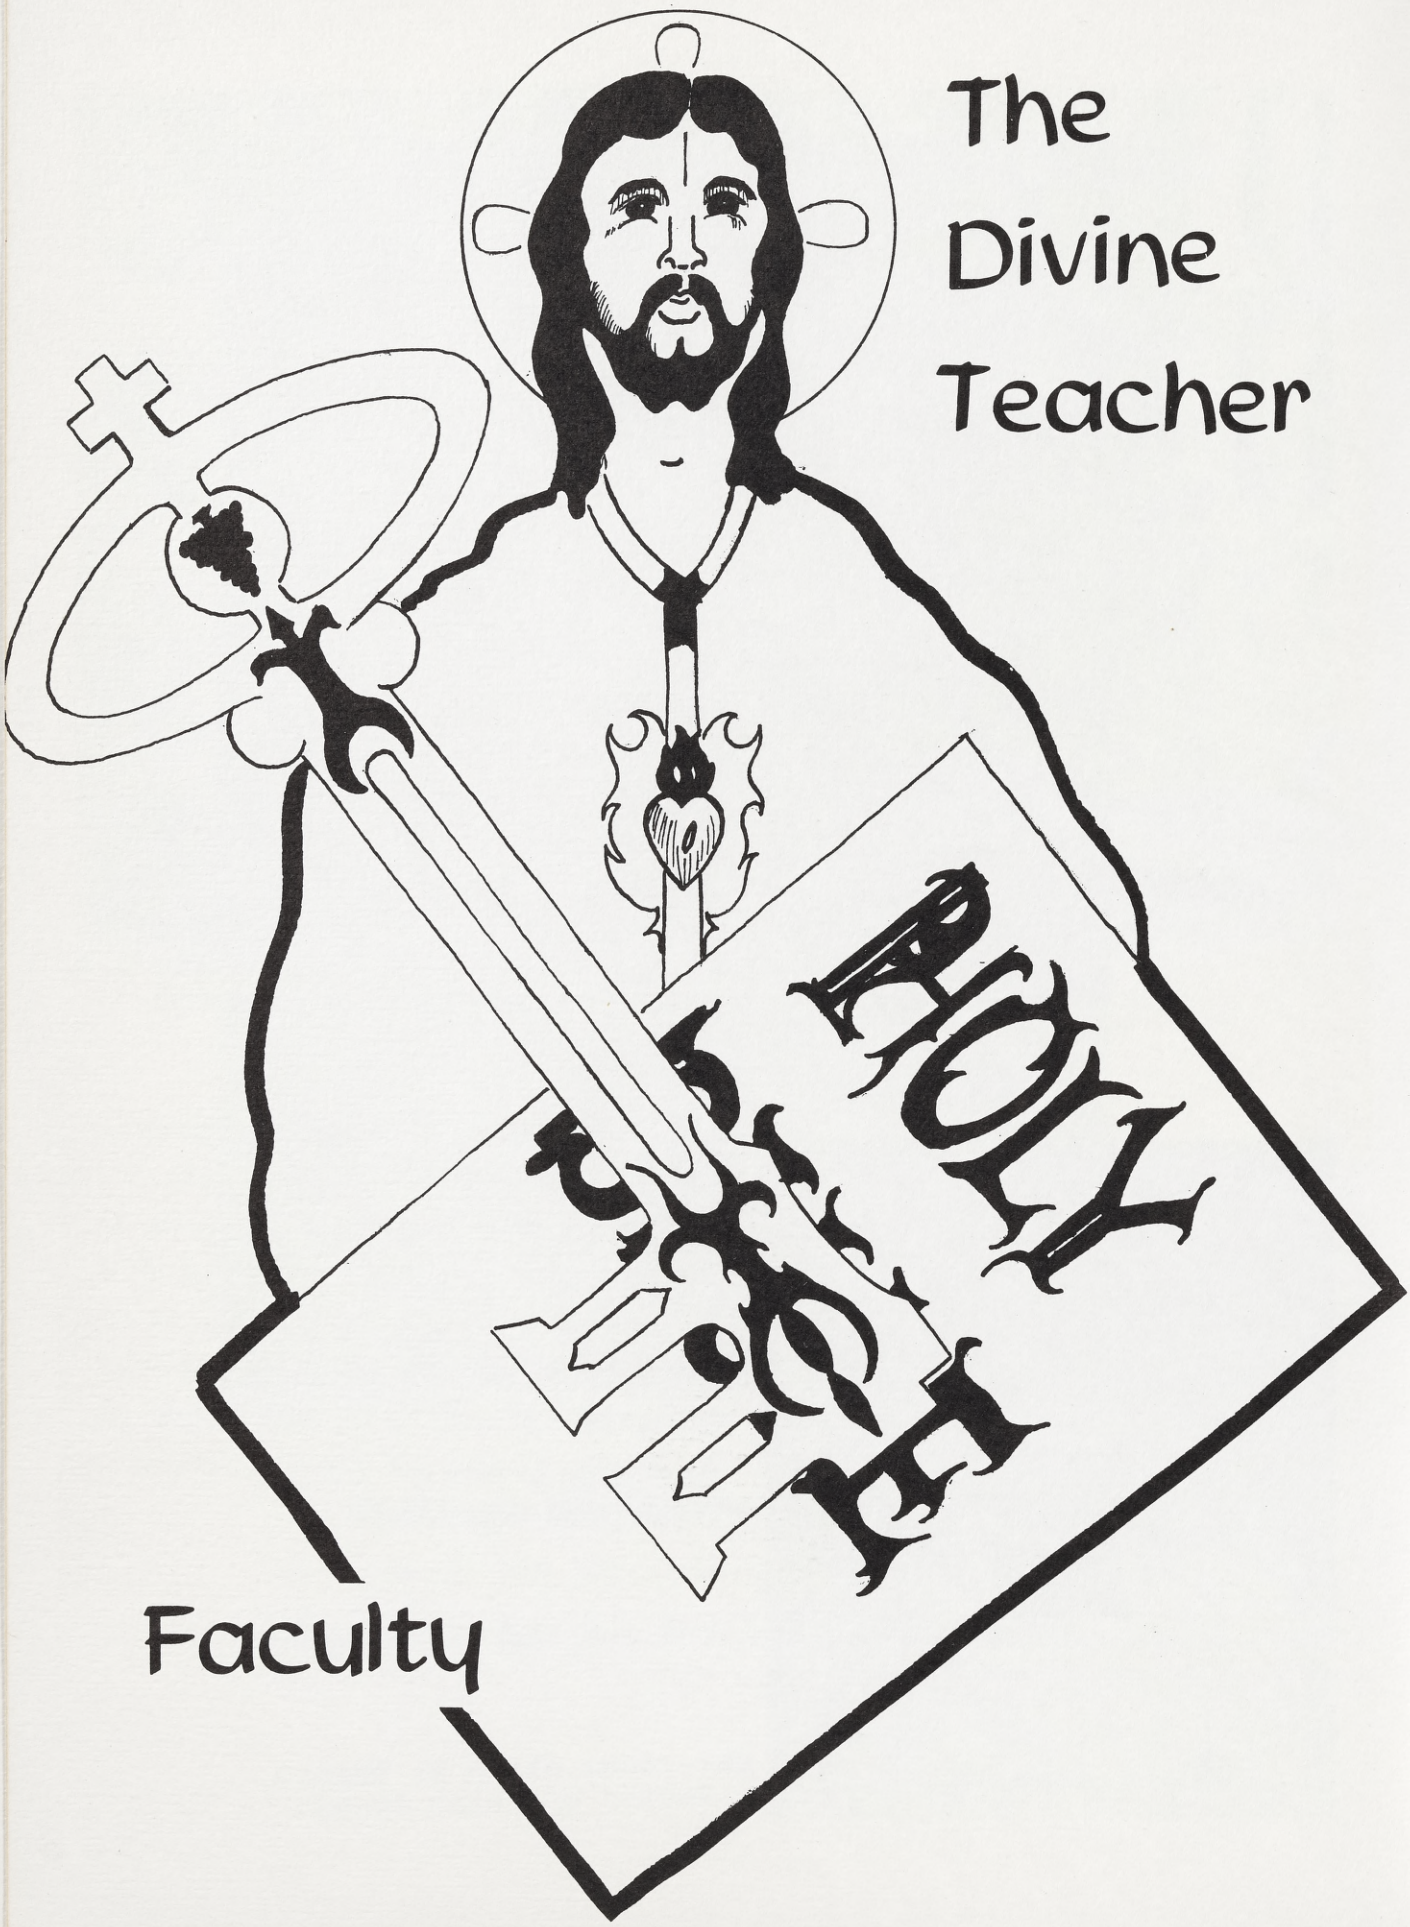
In this year of the Ecumenical Council we, the class of 1962, renew our dedication and allegiance to Pope John XXIII our Spiritual Father.

Most Reverened Floyd Begin D.D.
Bishop of Oakland

Reverened Alvin P. Wagner
Pastor of Saint Joseph

To you our new bishop, His Excellency, The Most Reverened Floyd Begin D.D. and our pastor the Reverened Alvin P. Wagner we pledge our service and devotion at this time of great change and planning in our new diocese. As the new young Catholic laymen we ask only to be able to aid you in serving Christ and His Holy Mother in these great days ahead.

The Divine Teacher

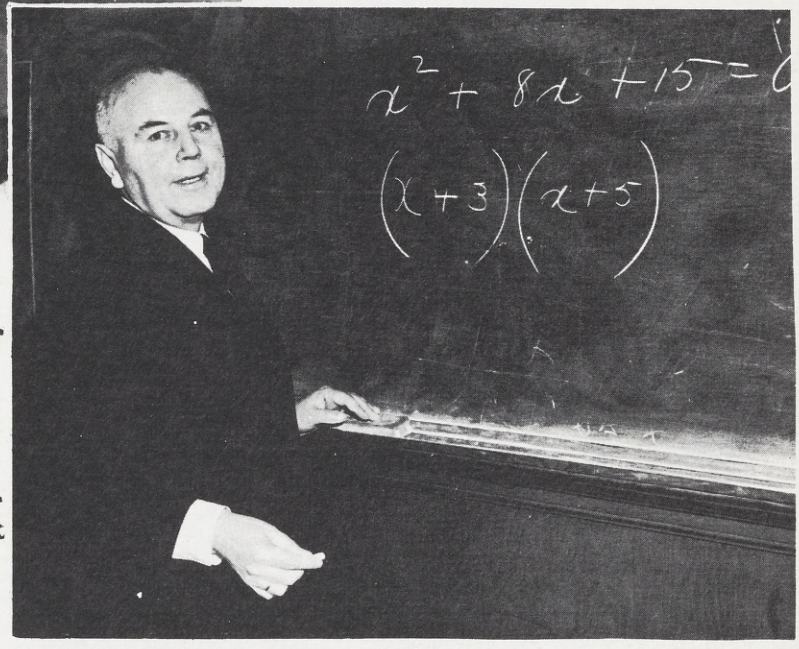


Faculty

His Successors

Brother Elmer Dunsky, S.M.

Brother Elmer Dunsky, our principal, undertakes the Herculean labors of not only being chief administrator of the school but also C.S.F. moderator, Senior math teacher, and teacher of Physics. All the numerous other activities of the school usually come under his guiding hand at one time or another.



Brother Charles Weiss, S.M.

One of the founders of St. Joseph High School and a teacher at this school for thirteen years, Brother Charles Weiss is now Vice-Principal and head of the Math Department. Brother Charles, who is athletic director, has also built a radio shack and is co-organizer of the Radio Club. As moderator of the Dads' Club he often comes in contact with fathers he once taught as students.

Mr. John R. Donovan

Mr. John R. Donovan, a devoted San Franciscan, heads the Art Department and Senior B. His assorted tasks would tire the strongest of men. His many duties include: mechanical drawing teacher, English teacher, Powerdive moderator, dramatic co-ordinator and member of the Diocescan Committee on Art.

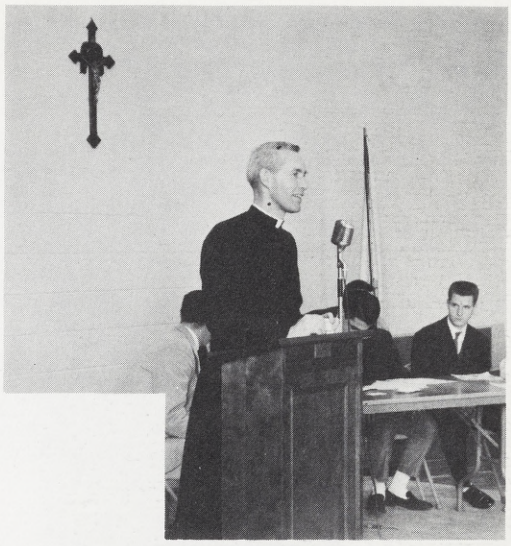
Brother Herman Fien is the one person who might be classified as a utility man. During the year he has taught English IV and Civics IV. He was Senior A moderator during the first semester and Junior A moderator for the second. Brother Herman is also in charge of all the audio-visual work in the school.

Brother Herman Fien, S.M.

Mr. Arleigh Sanderson

Mr. Arleigh Sanderson, besides being Freshmen B moderator, and teaching English, History and Civics, has done a magnificent job as J.V. basketball and Varsity baseball coach. He is also one of the best softball players in Alameda.

Leaving our shores for Hawaii and the scholasticate in January, Father McEnhill made quite a few life-time-friends here at St. Joe's. While here he taught Religion and French and was responsible for the portable confessional in the counseling room. We would like to wish Father John the best of everything and we hope he will see some of us there in the near future.

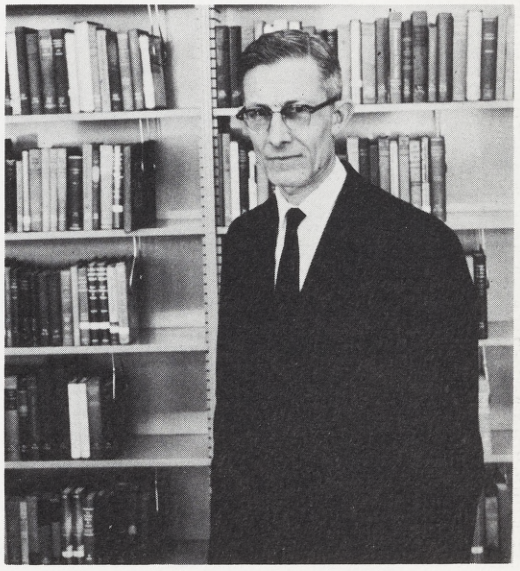


Father John E. McEnhill, S.M.

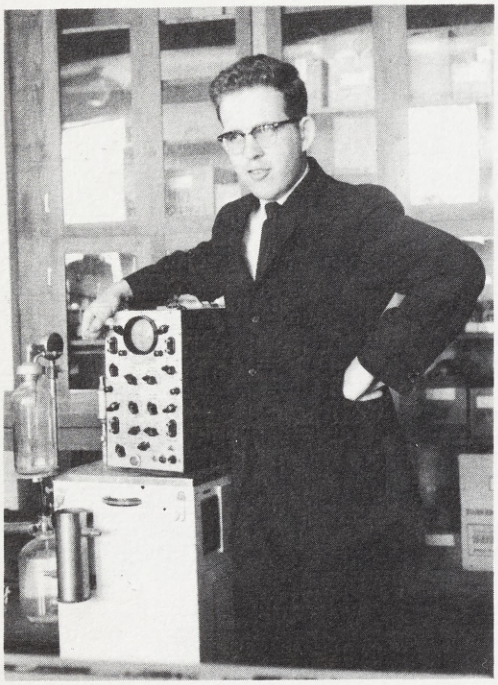
Brother John O'Donnell, S.M.

While here at St. Joe's, Brother O'Donnell had the unfortunate accident of being in charge of discipline. For this reason you can understand why he wasn't the most popular faculty member. He taught Civics and Religion before leaving, at the half-year mark, to spread the Catholic Faith in Korea. We would like to wish Brother John good luck in his missionary work.

Brother Paul Wessling supervises and runs the St. Joseph High Library, besides teaching Latin and Religion. Brother Paul is the musical director and Glee Club moderator. He also finishes up his Mondays by directing the Freshmen Sodality

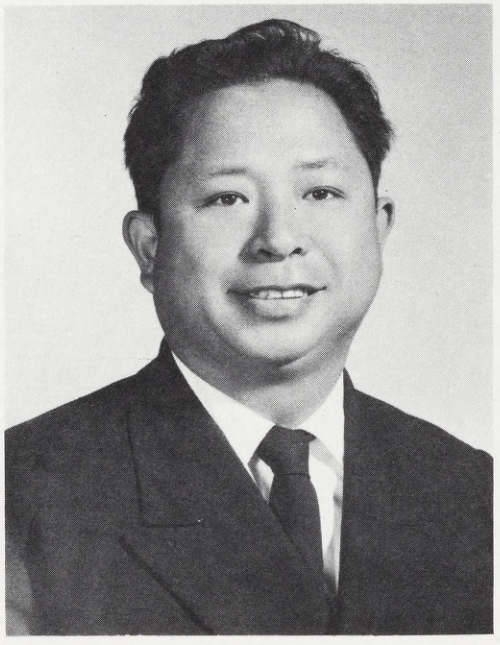


Brother Paul Wessling, S.M.



Brother John McNeil, S.M.

Brother John McNeil, a late addition to the faculty, can usually be found in the lab or radio shack when he is not in the classroom. Besides teaching frosh religion and algebra, sophomore biology, and assisting Bro. Elmer with physics, Bro. John moderates a frost Sodality cell and the active Science and Radio Club.

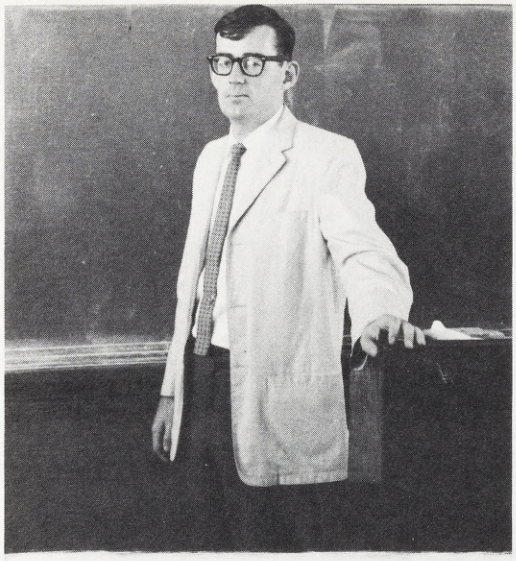


Brother Leonard Chang is a working brother and keeps the books straight. He handles the treasury and mans the bookstore. Brother Leonard is the person to see if you are down because he picks up everyone's spirits with his friendly smile.

Brother Leonard Chang, S.M.

Mr. Russ Bettencourt coached Varsity Basketball, Track, and heads the Spanish Department. He started the track team on the road to victory. The 0-14 basketball record is no indication of his coaching abilities. Presently, he prays for the day when the Pilots down the Dragons in St. Joseph's own gym.

MR.RUSSELL BETTENCOURT



Mr. Leo Oakes

Mr. Leo Oakes heads the English Department and teaches Speech. Besides these time consuming activities, he is the coach of the Speech and Debate teams. This year he has coached the team to many victories and the club boasts three members with the Degree of Distinction.

Brother Stanley Murikami, S.M.

Brother Stanley Murikami, Freshmen Moderator, teaches Latin, Religion, and is in charge of the "Contact". He rounds out his day as moderator of both the Freshmen Sodality and the Student Council.

Father Hughes, who replaced Father McEnhill, teaches Religion and French in addition to handling the counsuling duties of the school. As the students would phrase it, 'he is one of the squarest confessors they have ever had' and is easy to seek out for advice. From 7:45 to 8:15 he can be found ready and willing to hear our confessions and answer any questions we might have.

EXECUTIVE COUNCIL

This year's Sodality, with Prefect General Jack Lubeck at the helm, was very active in promoting Mary's work.

SENIOR SODALITY

A few of their many accomplishments include: providing Christmas Dinner for needy families in Alameda; the car blessing at the end of each school year; sponsoring their annual dance; and the convention attended by the officers of this organization.

Steve Phelphs and John Santilena provide the fine leadership for the weekly "Missa Recitata".

Of major consideration at St. Joe's is the fuller participation in the spiritual life. In this interests a confessional was set up in the conseling room by the former chaplain, Fr. McEnhill, and taken over by Father Hughes, his successor.

The senior division supplied altar boys who did a good job assisting the priest each Friday at Mass. We're sure that as long as the school is here, every Friday you will find the boys of St. Joseph at the eleven o' clock Mass.

A fine example of this participation in a fuller spiritual life was set by two of our faculty members during the course of the year. Fr. John McEnhill left us to take over the spiritual direction and guidance of young brothers at the Scholasticate in Hawaii and Brother John O'Donnell who left our shores to take up the Missioner's Cross in Korea.

STUDENT COUNCIL

The St. Joseph Student Body Council has come into its own this year under the leadership of President, Ronald Scalise, and the new student constitution written by Brother Robert Nunes S.M. This new document has allowed the students to have a say in the functions of school administration.

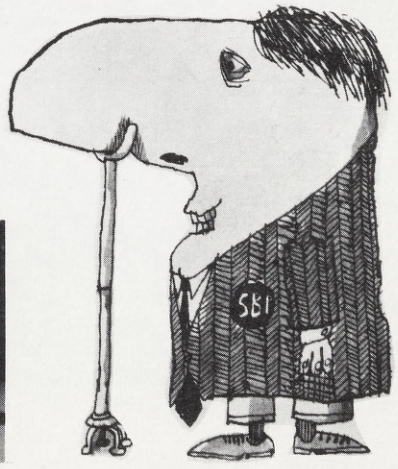
Vice-President, Mike York, has been a tremendous help in the running of the Student Council. He has taken the place of Ron when necessary and at other times has been very inspiring in his ideas, especially when the council was somewhat depressed.

EXECUTIVE COUNCIL

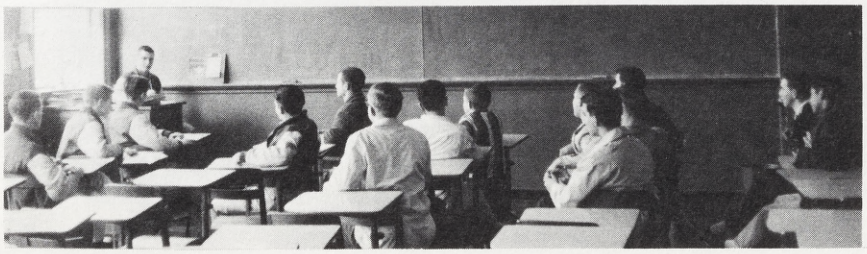
Frank Fanger has done a terrific job as treasurer, keeping the school posted on the financial status of the school. Along with this he has never let the school get in the red.

Finally, Mike Enfield, with a pen of gold, has always let the Student Body know what has happened during the various meetings.

Last but not least, we cannot fail to thank the class presidents and the organization heads for their splendid assistance.



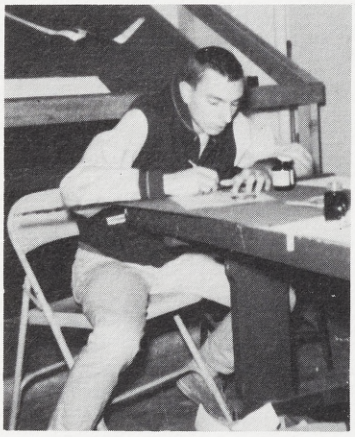
Student Council Meeting



As most of you know, this year's senior division has the distinction of being the 25th Graduating Class at St. Joseph High School. We, the yearbook staff, have set our sights on composing the best annual ever. As usual, there was a great deal of last-minute work to be done but, as you can readily see, we did it!

A special recognition is due editor, George Petersen; assistants, Bob Jarrett and Mike Nunes, who sacrificed their week-ends in order to meet the impending deadline.

Few will deny the fact that this year's sports section was due largely to Mike Nunes, who took the pictures, and Larry Walton and Bob Jarrett who did the layout work.



Mike Landig, Italian translation, "Michelangelo", was responsible for the boss-tough cartoon work.

Here, we would publicly like to thank Mr. Donovan, a jack-of-all-trades, who contributed the motivating theme; Mr. Bettencourt for typing until two in morning; and Brother's Dunsky and McNeil who offered their services as proof-readers.

This year's musical, the first ever, was Gilbert and Sullivan's "H.M.S. Pinafore." It tells how Captain Corcoran, played by Charlie Fasso, plans to have his daughter, Josephine, marry Sir Joseph Porter, K.C.B., (alias John Santilena). However, Josephine falls in love with Ralph Rackstraw (an able-bodied English seaman). Bob Pitta was the "lover" and turned in an admirable performance.

One of the highlights of the production was the British Tar Trio composed of Bob Pitta, George Petersen and Vic Hanson.

Special mention is due Miss Siroy, a member of the famous "Lamplighters", who directed the acting; Brother Paul Wessling who handled the male vocal chores; Sister Dorothy Cecilia who was in charge of the girls choral group; Mrs. Schneider (General Chairman); Mrs. Fasso and Mrs. Lubeck (Tickets); Mrs. Verhees (Publicity); Mrs. Liserra (Makeup); Mrs. Otto (Costumes); Mrs. Carroll (Refreshments); and Mrs. Tuchsen who was in charge of the cast party.

C S F

The California Scholarship Federation has been tremendous in its active support and interest in the school. This year, under the leadership of President Michael McMahon the Society has sponsored two assemblies of great interest to all. The first concerned the new Alameda tube, complete with informative slides and commentary. The second brought us an intriguing motion picture on time. The Student Body was talking about this picture for weeks afterwards. The C.S.F. has done a job well worthy of congratulations.

Faculty Meeting

The faculty meetings, under the capable guidance of Brother E. Dunsky, have brought the latest in teaching techniques to the students. Not only does the faculty meet once a week, but each academic department meets separately to discuss specific needs. It is not strange that the faculty meetings are popular among the students, since it means freedom for all concerned at 2:03.

Due to the capable leadership of Bo Jarrett, the supervision of its Moderator Mr.Bettencourt, and the rising interest manifested in Athletics, this year the membership and activities of the Block Club soared to unbelievable heights. We publicly would like to convey our heartiest congratulations to these men of St. Joe's who did an admirable job conducting the intramural program and the enkindling of that never-say-die Pilot Spirit

I N T R A M U R A L S

As usual, intramurals were the highlight of the twelve o'clock coffee break. Intramurals serve two main functions: first, to give those boys who don't participate in the CAL Leagues a chance to be active in competitive sports; second, it is an appropriate substitute for a Physical Education Program.

The one word that best describes this years basketball team is "UNLUCKY." The Pilots lost half of their games by less than six points.

Father Everett, Principal of St. Elizabeth High, said that St. Joe's had the best four-man team in the league. The fearsome foursome was composed of Captain Jack Lubeck (2nd team all-league), Bob Jarrett (honorable mention), Joe Prevost (honorable mention), and George Petersen who was hampered by a sprained ankle for half the season.

Sparking the J. V. squad this year were forward Hayward Coleman, and guards Tony Jones and Bruce Hasson. They showed great spirit throughout the season; thus they were respected in league play. With the upcoming freshmen our hopes should be high for next year. Most of the credit should be given to the coaching of Mr. Arleigh Sanderson who proved himself an able man for the job.

This year marked the beginning of a tennis team here.

The team was composed of Garth O'Maley, George Petersen and Tom Mason.

Garth, a transfer from Alameda High, has beaten the number two 16 year old in the nation and, as the expression goes, has more trophies than Carter has pills.

Mr. Petersen, who hasn't touched a racket for six months, regained his touch quickly and sports one of the best backhands in the area.

Tom, the 3rd member of the squad, possesses smooth ground strokes and a powerful serve.

The track team showed plenty of promise and since it is made up chiefly of freshmen and sophomores could be a league contender in a couple of years.

The "tracksters" were paced by shot putters Bill Davies, Bob Lubeck, and Haward Coleman who led the Pilots to their first dual-meet victory since 1956.

A lot of credit is due to Mr. Bettencourt for getting the boys in good shape for the upcoming meet.
